- CE and FCC approved
- Composite and SVHS video inputs/outputs
- RS232 port for software integration

Pearpoint offers a complete line of portable mini-mainline inspection solutions and peripherals. These systems are upgradeable and expandable—built for functionality, durability and flexibility, able to grow with your inspection requirements as needed.

Outstanding features include: interchangeable cameras, drums and powered forward and reverse tractors; digital video processing with better than 1 lux sensitivity; compact design for easy transport into easements and difficult or limited access locations; ability to be upgraded to a vehicle mounted system.

These systems are approved, labeled and listed by a nationally recognized testing laboratory (NRTL) for use in Class I, Div 1, Gas Groups C & D, T3 environments.
